Thanks, can you also be sure that OWW (Peter Murchie) signs off on the response.

Thank you, Linda. I did let Congressman Kilmer's Field Representative Stasha Dennard know that we (Brenda Bachman, I believe) are working on a response.—Cindy, x. 1815

David – my understanding is that OERA is already working on a response. Michelle concurred with this being a CMS and I have created a control. However, Christine Kelly is unable to access CMS so I've accepted the task. By doing that, I'm unable to forward to OWW for cc.
I've set up the folder on the shared drive and saved all documents there. Final draft letter and any attachments should be placed here as well: G:\Baker\CMS\OERA\2016\16-001-1035_Case Inquiry for Mr. Tom Masden
Due date for this to be completed is 8/23.

Linda and all, attached is an inquiry about shellfish in Discovery Bay from Congressman Kilmer's office, which it appears should be entered into CMS for a response by Teena's unit. The first attachment mentions that Mr. Masden has contacted the Corps, EPA, and WA State Rep. Tharinger (D-Sequim). I've let Nichole Distefano know that we'll follow up, and I'll also let Congressman Kilmer's Field Representative Stasha Dennard know that.

Cindy,
Can you follow up with Mr. Kilmer's office on this?

Dear Ms. Distefano,

I have been contacted by one of my constituents, Tom J. Madsen, concerning the impact that the dredging of Discovery Bay had on his shellfish bed that he has been operating for 30 years. He believes that an Environmental Impact Statement should have been issued prior to dredging, and that not enough sampling and testing was conducted before the Army Corps of Engineers issued the "nationwide" permit for this work. He states that since the dredging, a metallic looking substance has been isolated and it appears it is a toxin. He is extremely concerned about his livelihood and is requesting immediate intervention.

I would be grateful if you could look into this matter for me and provide information that will assist me in addressing the concerns raised by my constituent. I have attached copies of the correspondence I have received, and I would appreciate an objective and prudent review of my constituent's claims and a response which addresses their specific issues.

Please send your response to Stasha Dennard at:

345 6th Street, Suite 500

Bremerton, WA 98337 or

Stasha.Dennard@mail.house.gov

Thank you for your time and prompt consideration of this matter. Your assistance in any previous inquiries is also greatly appreciated.

Sincerely,

Derek Kilmer
Member of Congress
